BUT

Hello, nice to meet you, my name is Tennouji Mio. This is my first tankobon with Kaiohsha. So exciting. Now that I've got the chance to have a tankobon, I took the chance to make a little..? No I mean quite a lot? Of adjustments from when it was serialised in the magazine. As such, I think that for those who read the magazine, they'd probably go "Huh? Was there a page like this?" when reading the tankobon (LOL). Plus, due to the editing, the order of the stories are backwards. That's because at the beginning, the main story was meant to be "Midnight's Melody", so I started drawing with that in mind. All the stories are spin offs, and it may seem confusing, but they're actually all derived from "midnight's melody". Personally I quite like "The gentleman and the stray dog" <3 But in the magazine serialisation it was tough to fit the story nicely and I couldn't get rid of the H-scenes (Had to squeeze it all in) but in the tankobon I wanted them to be flirty and lovey-dovey, so I was glad I got to draw that in the extra. President Yamaoki from "Intertwined gaze", is a president in another company, so he also appears in drap comics' "Renai PARADOX". If you like President Yamaoki, then please check that out too (Advertisement)

Thank you very much for reading my ugly handwriting until the end. If there is another chance that you'll pick up another one of my books then I'll be very happy. I thank those who read this book from the bottom of my heart.

2012.

Thanks!
